DISCOUNTS ON STOCK AND ODD WORK are based on following rules and quantities:

REGULAR STOCK GOODS are those goods which we carry in stock in large quantities.

ODD WORK includes all such millwork as is not regularly carried in stock, whether listed or not listed, and which must therefore be made to order.

STOCK QUANTITIES. Special work will be billed on stock basis when ordered in following quantities, provided we are allowed time to secure from our western factory:

Doors.—Ten or more of one size, style, thickness and quality.

Windows, Transoms and Sash.—Open or glazed. Ten or more of one size, style and thickness.

Blinds or Shutters.—Inside or outside. Ten or more of one size, style, thickness or quality.

LESS THAN STOCK QUANTITIES. Odd work in smaller quantities than above outlined, will be charged for in accordance with the pricing rules as quoted.

opening to the weather, where warping  
makes the Ordinary Door fastening  
practically useless in a short time.

The 45-Degree Point on end of Bolt is  
Self-Centering and draws to the center  
at all times, holding the door rigidly in  
place. This Bolt is a remedy for your  
troubles caused by doors warping.

Bolt is Steel,  $\frac{3}{4}$ " diameter, 7" long.

Spring is Bronze.
